

Members of the DEYC:

Urgent notice

When communicating by mail (USPS) to the DEYC, or especially when returning sign up information please send it directly to our Post Office Box in Damariscotta, which is:

**DEYC Administrative Assistant
PO Box 535
Damariscotta, Maine 04543**

We will keep the Boothbay Harbor Post Office box active and is forwarding mail to the Damariscotta PO Box, however recent changes and cost cutting measures within the USPS system have caused many delays in forwarding and our receiving mail from our members. The Scarborough USPS distribution center has been closed, which is where the Boothbay Harbor Post office used to send forwarded mail, which ends up in our Damariscotta Box. This winter the facility was closed, and the mail now goes to somewhere in New Hampshire from Boothbay Harbor, then it is re-directed to Damariscotta. With this change, we have been experiencing three week delays in receiving mail and some signup sheets. I have been discussing the problem with the local post office, but not much can be done locally. Therefore we are urging members to use the local Damariscotta Post Office Box directly to communicate with the Administrative Assistant.

The Boothbay Harbor Post office box will continue to forward our mail for invoice and general mail purposes but is subject to extreme delays and sometime returns to senders. Therefore effective immediately I urge all members to use the alternate PO Box above to ensure proper signup and communications with the Club.

Thank you for your understanding and patience

Sandy Young
